Welcome To Her Majesty And Prince Philip

Tradition Dating Back To 1711 Behind Shell Oil's Puppet Show

A tradition dating back to 1711 is behind the Puppet Show "Haunted House Review' appearing at the Edmonton Exhibition this week. This Show is located half way between the Grandstand and the Display Home.

The Puppet Show at the Exhibition is for both children and adults and there is no admission charge.

Sponsored by the Shell Oil Company of Canada, Ltd. the show has a cast of 15 including a mad professor who discovers a secret formula that sends him millions of years back in time, weird animals, two ghosts, two skeletons and a grandfather who peeks out of a clock.

The mystical power behind these agile Puppets that appear on the stage five at a time, is in the hands of John Botterell and Gustav Harsfai. John and Gustave work with John Keogh in Toronto who makes and motivates Puppets for the television show Maggie Muggins.

Gustave Harsfai is a Hungarian who migrated to Canada barely two years ago. His family operated until four years ago a Puppet Theatre in Budapest that his ancestors first started in 1711. Gustave got in the act at the age of six and has been operating Puppets ever since. His first job in Canada was as a bell boy in the Royal York Hotel in Toronto and lasted until he heard of Keogh's te e-vision programme.

Ten shows are performed each day during the afternoon and evening. A clock outside gives the time of each show.

Staff Holidays Start July 27th

During the last week in July and the first week in August this paper will not be published. Instead, employees of the Sun Publishing Co. Ltd. will be on annual staff holidays.

In recent years the Company has not been able to get enough extra printers to provide for staggered holidays during the summer season. Solution to the problem has been to skip two issues of the papers.

This also enables local editors and country reporters to get a holiday from the weekly chore of writing news. Every reporter is asked to provide a full summary of the two weeks' news for the week beginning August 10th.

HEALTH UNIT BABY CLINICS

Athabasca Health Unit will hold he following well baby and pre-school clinics for July:

Thurs. July 16 — Rich Lake School; 1:30-3.30 p.m.

Mon. July 20 — Caslan School; .30-3.00 p.m.

Thurs. July 23 — Caslan Colony School; 1.30-3.00 p.m.

Fri. July 17, 24 — Lac la Biche Health Unit Office; 10.00-11.00 1.30-400 p.m.

Clinics at Owl River and Big Bay will be cancelled for July, 1959.

First Prize Won By LLB Creamery

The Lac la Biche Creamery again won first prize at the Brandon Exhibition for a 14-pound sample of butter.

L. J. Badry, manager of the creamery, stated that they again have entries at the forthcoming Toronto Royal and also the London Exhibition, where they annually win several prizes.

WI Members Hear Convention Report

LAC LA BICHE—A special meeting of the WI was held July 10 at the home of Mrs. Mary Hamar. Seventeen members were present to hear the guest speaker, Mrs. H. Bolten, constituency convener.

Regular routine business was conducted and plans were made to attend the constituency conference at Meanook July 23. Mrs. F. Creighton was appointed as delegate to the conference.

Mrs. Bolton gave a most interesting resume of the Jubilee conference held in Edmonton in May, and attended by WI members from all parts of the province.

A highlight of the conference was violin selections played by a WI member 84 years young who had been a noted musician in her younger days. She was attired in her wedding gown she had first worn in 1906.

At the conclusion of Mrs. Bolton's address a lunch was served by several of the ladies.

Mr., Mrs. Bouchard Hospital Patients

LAC LA BICHE—Mr. and Mrs. C. Bouchard are recuperating in the Royal Alexandra Hospital, Edmonton, following an accident on the highway near Stony Plain July 1. The accident occurred when a car being pursued by police crashed into the rear of the Bouchard car, being driven by Peter Bouchard, son of the injured pair.

Mrs. Bouchard, the more seriously injured, was in a very critical condition for several days but is now reported to be somewhat improved. Both Mr. and Mrs. Bouchard suffered extensive face lacerations as well as bruises and severe shock. Mr. Bouchard also received injuries to his chest.

The planetarium planned for Coronation Park will be named after Queen Elizabeth.

Farmers Watch Installation Of Rural Sewage Disposal System

The Sewage Field Day held at Alex Plamondon's farm proved to be a great success despite the fact that a heavy shower of rain hit the Plamondon district at 1.00 p.m., the time that activities were due to begin.

Well over 30 farmers, some from as far away as Briereville and Donatville, fought muddy roads to be on hand to watch the installation of a rural sewage disposal system.

Les Reid, Department of Agriculture Engineer, supervised the installation of the septic tank and disposal field and explained the operation to those present.

Mr. Reid stated that there was a strong trend among the farm population toward the installation of modern facilities in farm homes. The attendance at, and interest in the many field days he attended indicated to him that in the next few years sewage and water systems should be as common to farms as is electricity at the present time.

Stan Powers, District Agriculturist, commended the attending farmers for braving the weather to attend the demonstration and urged them to make similar installations to make living more pleasant for the farm families. He also had a word of praise for the excellent co-operation received from those directly involved in the preparations for the day. Mr. Wm. Hamilton of Lac la Biche was lauded for his fine co-operation in hauling his excavating equipment over sixty miles the evening previous and completing the excavation during the night to be ready for the installation that day.

Mr. Powers advised the group that a set of re-usable septic tank forms would be available to the farmers of this district next year, and that they could expect to receive assistance and advice on engineering problems from the departmental engineers.

Lac la Biche Mission

Dr. Rowan and family are here from Edmonton.

Mr. Smith, Mr. Souch and Mrs. H. H. Robinson are at their cabins at Lac la Biche.

Mr. and Mrs. Norm Lesyk and son Brian, Mrs. Mary Messier and Dennis Melvyn Mallon spent a week at the home of Mr. and Mrs. L. Bourget, also Mrs. Frank Coutney.

Mr. and Mrs. Olisa St. Jean were guests of Mr. and Mrs. Andre Dupre.

George Bourque is building a cabin at Egg Lake.

Mrs. Katie Bouvier and son Lawrence left for Winnipeg to visit relatives en route back to the United States.

Mrs. Jean Ostash, daughter of Mrs. Bouvier, is visiting here for a week.

Girls Honored At Owl River Party

OWL RIVER—Misses Jacqueline and Kathy Diesel of McMurray are guests of their grandparents, Mr. and Mrs. L. J. Diesel.

Mr. and Mrs. Diesel held a fish-fry at the Owl River in their honor last week.

Among the relatives present were: Mr. and Mrs. Ludwig Diesel and Felipe; Mr. and Mrs. Clyde Diesel and Ellen; Mr. and Mrs. William Sawchuk, Stella, Martha, Jimmie and Betty of Hylo and Raymond H. Diesel.

Many friends were also present to enjoy the occasion.

Athabasca Resident Appears In Court

BOYLE — Mrs. Clara Elkow of Athabasca appeared before Magistrate A. E. Pearce in police court last week and pleaded guilty to a charge of assault in an affray which took place at Skeleton Lake June 21.

She was pined $15 and $9 costs.

30 INSTRUMENTALISTS RECEIVE INSTRUCTION AT BAND CLINIC

LAC LA BICHE — F. Creighton, town secretary-treasurer, returned early in the week of July 6 after attending a week-long band clinic at Olds School of Agriculture. The clinic was under the direction of D. J. Peterkin, of the department of economic affairs, with Prof. Leif Christianson of Concordia College, Morehead, Minn. as chief instructor.

Other instructors were: Capt. F M. McLeod, B/WO 2 W. Thomas, B/Sgt Frank Simpson, B/ Sgt R A. Cornick and B/Sgt H. Cardell, all of Currie Barracks, Calgary and E. Dalwood of Edmonton.

Bandmasters in attendance were from Vegreville, Camrose, Irma, Grande Prairie, Warner, Vauxall, Castor, Frank, Leduc, Trochu, Viking, Ponoka and Lac la Biche.

About 30 instrumentalists from various points in the province took advantage of the opportunity to receive instruction on their chosen instruments from highly qualified teachers. The clinic closed with a public band concert in the auditorium of the agricultural school on the final evening.

Instructors and bandsmen alike were well pleased with the results of the clinic and it was predicted that with the increased interest being shown in bands all over the province, it may be necessary to hold more than one such gathering next year.

WA Members Miss Stored Garments

BOYLE — The St. Paul Anglican WA recently held a strawberry tea and sale of work.

Most of the garments to be sold were previously stored in the parsonage. In collecting the clothing that day the group found that a large percentage of the garments were missing from the building. They stated that it was deplorable to think that some person or persons had illegally entered the parsonage and had taken what belonged to the church.

THE Homemaker

By EDITH WITNEY

During the summer months does your family tend to substitute other beverages in the place of milk? Did you know that milk can be prepared into very refreshing drinks?

For a change try serving one of the following milk drinks instead of a regular glass of milk.

SPICED MILK
1 cup milk
1 tsp. sugar
Nutmeg, cloves, cinnamon, salt.

COFFEE MILK
1 cup milk
2 tbsps. strong coffee
1 tsp. sugar
Mix well. Serve cold.

BANANA MILK
1 up milk
½ banana
1 tsp. sugar
Mix well. Serve cold

FRUIT FROSTED MILK
1 cup milk
3 tbsps. fruit juice
strawberry, raspberry, peach or pear juice may be used.

PINEAPPLE DREAM
cup milk
1 egg
½ cup pineapple juice

Just a reminder: Canada's Food Rules recommend;

Children (up to about 12 years) at least 1 pint daily.

Adolescents: at least 1½ pints daily.

Adults: at least ½ pint daily.

Remember, milk is a food as well as a beverage. Don't let it be substituted by drinks that lack all the food value milk has to offer.

40th ANNUAL CWNA MEET

Weekly Newspaper Publishers Discuss Improving Service

REGINA — The editors and publishers of Canada's 725 weekly newspapers are meeting here this week to confer on ways to better serve their communities.

Improving service for both readers and advertisers will be the dominant concern of men and women from Newfoundland to Vancouver Island at the 40th annual convention of the Canadian Weekly Newspapers Association.

The business side of the four-day meeting in the Hotel Saskatchewan was to concentrate on such problems as better promotion of the weeklies as an important medium for local and national advertisers, the recruiting of technical and editorial staffs and the role of the weekly in today's rapidly expanding modern communities.

"We are keenly interested in finding the answers to these problems so that we can do a better job of serving readers and advertisers," said Wm. Telfer, CWNA managing director.

To this end, the editors and publishers will hear from topflight speakers who are experts in the news and advertising fields.

These include Jack Ellison, Sears Limited, speaking on "Printing a Newspaper by the Offset Method" and W. H.. Cranston, Shoe Corp. of Canada, speaking on "Cooperation with the National Advertiser at the Local Level."

A highlight of the convention was the presentation of awards given annually for excellence in the various divisions of weekly newspaper coverage.

These contests are sponsored by the CWNA to encourage editors to do a better job and to give recognition to those who set and maintain high standards of printing and reporting.

Floyd McMillan At Principals' Meet

Mr. Floyd McMillan, principal of the Dr. Swift School, is one of 70 school principals meeting at Concordia College in Edmonton for two weeks beginning July 6 to study problems of educational leadership in local communities.

The course is a co-operative venture of the Alberta school trustees association, the Alberta teachers' association, the Alberta school inspectors association, the Alberta department of education, and the faculty of education, University of Alberta. A grant from the W. K. Kellogg Foundation through the Canadian education association has been received to help finance the project.

Sixty-three city, county, divisional, and independent Alberta school systems are represented. Representatives from the Saskatchewan teachers' federation, the British Columbia teachers' federation, and the Alberta teachers' association are in attendance.

Within the overall aim of working toward better education for children in the schools, the course is intended to serve four purposes: (1) to provide an opportunity for further exploration of problems in educational administration and supervision; (2) to provide an opportunity for individual members to form definite plans for later local action; (3) to provide members with an opportunity to gain further understanding of philosophies and techniques of leadership; and (4) to stimulate the intercommunication of educational ideas and practices between various schools and administrative areas.

Much of each day during the course is devoted to work in groups set up on the basis of problems as outlined by members based on their experiences in their own schools. These groups focus their attention on various varying phases of instructional leadership appraisal, curriculum adjustment, research, in-service education of teachers, and supervision.

Each group has as consultant a leading educator specializing in the field being studied by the group. Serving in this capacity are A. G. Bayly, assistant superintendent of elementary education, Edmonton Public School board; J. E. Cheal, assistant professor of education, University of Alberta; F Hannochko, superintendent of schools, Stony Plain division; C. B. Johnson, High School inspector, Lethbridge; C. G. Merkley, superintendent of schools, St. Mary's River division; and R. B. Walls, principal, Calgary Public School board. Special consultants brought in for the course are: John Amend, assistant superintendent, Highline Public Schools, Seattle, Wash., and Dr. Roald Campbell, director, Midwest Adminstration Center, University of Chicago.

In addition to group discussions daily lectures are held. Among those who are addressing the course are: Dr. A. W. Reeves, chairman of the division of educational administration, University of Alberta; Henry Toews, principal, Calgary school division; Peter M. Owen of the legal firm of Field, Hyndman, Field, Owen, Blakey, and Bodner; Wilfrid Pilkington, assistant to the Dean, Faculty of Education; Dr. J. H. M. Andrews, associate professor of education, University of Alberta; Dr. Marion D. Jenkinson, assistant professor of education, University of Alberta; W. B. Dockrell, assistant professor of education, University of Alberta, and Dr. H. S. Baker, chairman of the division of secondary education, University of Alberta.

The director of the leadership course for school principals is Dr. John H. M. Andrews of the faculty of education, University of Alberta. The associate director is Dr. Harold J. Uhlman, assistant superintendent, Sturgeon school division.

Health Through Chiropractic
STOMACH ULCERS
The stomach is an amazingly efficient machine. When food enters it produces digestive acids in correct quantity and of the proper quality to deal with whatever the volume and chemical makeup of the food may be. As food leaves the stomach the production of acid ceases.
That is what happens in a healthy stomach. But all stomachs are not healthy. Some produce too much acid, or produce it when the stomach is empty. The acid, with no food for it to break dwon, washes against the delicate lining of the stomach, and breaks down the stomach wall, resulting in ulcers.
To treat the ulcer itself is not sufficient. The cause must be removed. As the quantity and quality of acid produced is controlled by the nerves supplying, the stomach it is obvious that, since the stomach is not functioning properly, the nerves themselves must be at fault and should be examined.
This the Chiropractor does. He locates the vertebra interfering with the proper flow of nerve impulses over the stomach nerves, and, by chiropractic adjustment, restores it to its normal position. The stomach resumes its normal activity, and, no longer irritated by the overproduction of acid, the ulcer heals.
By correcting the cause a permanent cure usually results, as testified by the thousands of stomach ulcer patients who have been restored to good health through chiropractic.

Elizabeth Messier, Don Schram Repeat Vows In Summer Wedding

EDMONTON — White and pink gladioli decorated the altar at the Immaculate Conception Roman Catholic Church when Miss Elizabeth Messier and Mr. Don Milton Schram exchanged marriage vows. Rev. Mr. Carrier officiated. Mr. Harry Mallox, brother-in-law of the bride, escorted her to the altar.

The bride chose a light blue cashmere two-piece suit with a white picture hat inset with frothy white tulle and her accessories were navy blue. She carried a white prayer book mounted with Sweetheart roses and white streamers entwined with lilies-of-the-valley. Her jewelry was a pearl necklace and ear-rings, gift of the groom.

Miss Denise Messier was her sister's bridesmaid. She wore a beige tweed two-piece suit with a brown sailor hat and brown accessories. She carried a white prayer book mounted with feather tinted peach carnations.

Mr. Andy Mermery was the best man.

For her daughter's wedding Mrs. Mary Messier wore a two-piece navy blue crepe dress with pink accessories and pink carnations en corsage.

For her son's wedding Mrs. Clayton Oliver wore a silk floral afternoon dress with white accessories and a corsage of white carnations.

Later a reception for 50 guests was held at the home of Mr. and Mrs. Norm Lesyk, brother-in-law and sister of the bride. Mr. Norm Lesyk proposed the toast to the bride.

The bride's table was covered with cut-work table cloth centred with a three-tiered wedding cake flanked with white tapered candles.

For the honeymoon trip to Great Falls, Mont., Jasper and Banff the bride's ensemble was a cocoa-brown dress topped with a beige cashmere coat and brown accessories. Her corsage was a white gardenia.

Mr. and Mrs. Schram will make their home in Edmonton.

Out-of-town guests included: Mr. and Mrs. Lucien Bourget, Lac la Biche Mission; Ernest Countey and Mrs. F. A. Coutney and Carol of Lac la Biche; Mr. and Mrs. Oliver and Bill Oliver of Kabri, Sask; Mr. and Mrs. Jensen of Fort Assiniboine.

RED & WHITE TEA BAGS

Leo prefers tea to leather-tough lion tamers. We get along fine, because we both like the savings we get when we buy Red & White Food Stores.
